Silverlakes Residents,

We are excited to introduce the new **Heylo Community App**, a simple and powerful way to keep everyone in our community connected and informed. With Heylo, residents will have a centralized place to see the full community calendar, view upcoming events, RSVP to activities, and stay up to date with announcements—all directly from your phone. The app also makes it easier to connect with neighbors, access important community information, and avoid the confusion of checking multiple sources like websites, emails, or unofficial social media pages. By bringing everything together in one place, Heylo helps ensure that important updates, event details, and community information reach everyone clearly and efficiently.

In addition to event and communication features, the app includes a **Resident Information section** where you can easily find important resources such as the CAM's contact information, links to the association payment portal, and guidance on how to reach management when needed. Our goal is to have as many residents as possible using the app so communication within the community can be streamlined and reliable. For those who are comfortable with technology, the setup process is quick and easy. For anyone who would like assistance downloading or learning how to use the app, **hands-on help will be available the next 2 Wednesdays at the clubhouse while the CAM is on site**. We want to make this transition simple for everyone so that our entire community can benefit from clear, centralized communication.

The app was **soft-launched earlier this week**, and we are already seeing great engagement, with **over 75 residents registered**. We invite you to scan the **QR CODE** below, complete your registration, and share this exciting new communication tool with your neighbors. We look forward to seeing strong participation and engagement through the **events, chats, and community updates**, as we continue building a more connected and informed neighborhood together.

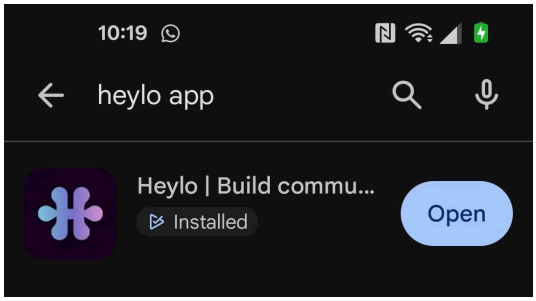

You are invited to reach out to the New Community Engagement Committee with any questions.

Text the Committee at 941-548-1806. or email at SILVERLAKESATGATEWAY@GMAIL.COM

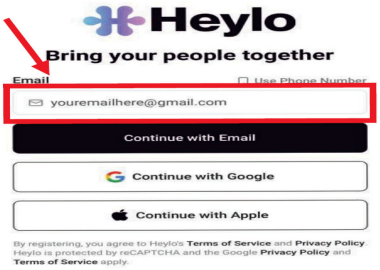

See you soon at the next event.

For Android or Apple devices, visit your **App Store or Google Play Store** and search for **HEYLO**.
